### ★ Election Pledges

- ✓ To listen to and work with local residents in fighting to ensure Milton ward gets its fair share of resources from the Borough
- ✓ To put improving the High Street and Hamlet Court Road, and your personal safety first
- ✓ To go the extra mile for residents fed up with being ignored by the Council

### ★ About Carol

Carol White has lived in Southend for 20 years

She is a very active pro EU campaigner

Carol has experience of working for a council obtaining EU money for companies to invest in new technology and before that in the Foreign Office in London, Libya and New York

She enjoys the vibrant and diverse nature of Milton, and wants to be a strong voice to make a positive difference to your lives. ***She will demand better for you.***

## Why Carol is a Lib Dem

LIB DEMS work with local people, listening and taking up their issues

LIB DEMS want you to have the final say between any deal or remaining in the EU

LIB DEMS are united, friendly, open and tolerant and are not dominated by party extremes

## The Liberal Democrat Difference

**Lib Dems care about your safety.** As you, we are worried about the shocking increase in violent crime in the area. Liberal Democrats are and will continue working hard to get increased resources directed to our area. We want a planned implementation of CCTV cameras in all areas which are at risk of crime to assist the Police in their vital work of catching and deterring criminals.

**Lib Dems will fight to get more resources.** The area is being let down badly by the Tories. For years the Government's austerity policies have starved the Council and Police of vital resources.

Southend's Tory Council has short-changed Milton Ward.

**Liberal Democrats would demand a planned maintenance programme.** The Tory Council's policies in recent years are leaving their mark on the Town. Potholes in our roads, broken pavements, dangerous roads.

**Lib Dems demand a focus on the High Street and Hamlet Court Road.**

We are seeing more and more shops closing and jobs lost. We demand a focus on them becoming places where residents, people coming to work and visitors feel safe to walk around with more green spaces and community uses.

**Lib Dems demand better Housing policies.** We want planning and housing policies in our Borough that seek to balance the standards and quality of the housing throughout all sectors, to take the pressure off Police, social care and hospitals. We need more Council housing to reduce the growing waiting list.
