

Put West Leigh first

ELECT BETH HOOPER

Southend Borough Council Thursday 2nd May Liberal Democrat

Beth Hooper says -

West Leigh is where I grew up, went to school and now bring up my son. It is a wonderful ward to represent with great people and unique places like Belfairs Woods and Two Tree Island. However, Tory austerity has made its mark on our roads, schools and the crime rate.

Schools like West Leigh are struggling with difficult decisions in order to offset the ever-increasing negative effects of underfunded school budgets. With West Leigh being a very popular choice for parents, class sizes are often bigger than is recommended and space for sports and events is very tight.

Years of Tory cuts to police budgets have left local residents anxious. Recurrent spates of burglaries, car thefts and vandalism, and traffic speeding in our residential roads, are all a sign that there are still not enough front-line police. As your Councillor I plan to work closely with the police, battling to get them more resources and being an active link with local residents.

Why Beth is a LibDem

I have been a life long Lib Dem voter and when Brexit became a reality I felt I had to join the only party that really believes in remaining in the EU. The Lib Dems have always believed that Britain's future and prosperity lie in working closely with our European partners to tackle our common problems in this increasingly dangerous world. I am also impressed by how our Leigh Lib Dem team works so well together to find the best ways to help local people.

It's a Two Horse Race

Only the Lib Dems challenge the Tories in West Leigh

Labour always come third

Look at last year's Council election result in West Leigh —

- ♦ In 2018 the Lib Dem vote surged forward leaving Labour and UKIP far behind
- ♦ **So this year let's make it a Tory loss and a Lib Dem gain with Beth Hooper**
